I think they just need to rerun their numbers with the new tox data. I don't think they need to rerun their whole letter.

▼ Charles Nace---03/14/2012 01:21:27 PM---Angela, I heard back from Jill and should be having a call with her later today or sometime tomorrow

Angela,

I heard back from Jill and should be having a call with her later today or sometime tomorrow. Just to make sure I am on the same page, our main issues are to ask if they can revise the health consultation with the new data, which we will supply to them when it is final, and to see if they could utilize EPA's latest toxicity value for PCE.

Chuck
